

JHIU Meets with Will Bauman

October 2016

At a recent executive board meeting of JHIU earlier this month, the JHIU team invited Will Bauman to attend. Will has created a similar program to ours called, “On the Road to Safe Driving”

Will’s Eagle Scout Project was a campaign to bring awareness to the dangers of Texting and Distracted Driving. His project consisted of 9 months of awareness to include; a booth at a fair, t-shirts, street signs, marquees, radio, newspapers, TV spots, YouTube and Facebook. He was also invited down to Springfield, IL to meet with Senator Melissa Bush about his

concerns on the dangers of using your cell phone while driving. While there he helped pass a new law in the State of Illinois HB-1247 making it against the law to use hand held phone while driving beginning January 1, 2014.
